SAFELET IV CATHETERS

- ✓ Easy dispenser pack
- ✓ Functional design casing permitting one action opening and no rolling
- ✓ Color-coded casing cap allows for easier identification of catheter size
- ✓ Translucent catheter hub and flashback chamber allows for easy detection of blood flashback at vein insertion
- ✓ Radio-opaque catheter
- ✓ Non-Pyrogenic
- ✓ Precision finish FEP catheter assures stable flow and eliminates catheter tip kink during venipuncture
- ✓ Can be connected to syringe by removing filter cap to expose Luer taper end
- ✓ Use of hydrophobic membrane filter eliminates blood leakage
- ✓ Close and smooth contact between catheter tip and inner needle enables safe and smooth venipuncture
- ✓ Crimped smooth engagement between catheter and hub, without use of adhesive, helps eliminate blood residuals and helps reduce blood coagulation or hemolysis
